TAFE to University Pathways

You may be surprised to hear that there are lots of possible study routes that can take you from a TAFE NSW course to a university degree. TAFE has partnerships with universities across the state and beyond. This means that you can get yourself a graduate qualification from your local TAFE campus. Case in point - the Certificate IV in Tertiary Preparation (TPC). This will give you a Tertiary Entrance Score which can then help you enrol at university. If you've got a TPC under your belt, you're guaranteed entry to a whole range of degrees from some universities such as Western Sydney and Charles Sturt.
